

You're invited!

Watershed Education to Teach, Learn, & Advance Behaviors of Stewardship (WETLABS)

WETLABS will support teachers in learning the science of water flows in our ahupua'a through hands-on lessons, observational drawing, and service learning with community partners to deepen understanding of our watersheds and sense of stewardship.

Join us for this exciting professional learning opportunity this summer!

Who: 4th – 6th grade teachers
When: June 12-16 2017
Where: Lyon Arboretum,
Hawai'i Nature Center, and
Waikiki Aquarium

- ▶ Meet experts in water management, ocean stewardship, and resources
- ▶ Hands on lessons, including hikes, lectures, and observational drawing
- ▶ Free art supplies and books
- ▶ Lunch included
